

IDOS Consultants LLP

Nothing is achieved unless it's implemented.

(One Stop solution for all Industrial Engineering Techniques)

5 days Internship Programme for Mechanical and Production

Get yourself ready in this December!

*Professionalism is
NOT the job you
DO, It's HOW you
DO the job."*

Why to go for this Internship?

- We know the expectations of Core Industries from students and we train students in Operations field like **Production, Production planning and control (PPC), Purchase, Warehouse Management, Quality Assurance, Industrial Engineering, etc.**
- Get an opportunity to rejuvenate your basic concepts by solving **CASE STUDIES** and discussions on real time projects. **Free Industrial Visit to explore to manufacturing units.**
- Focus on Real time data solving tools and techniques used in manufacturing Industries.
