

IDOS Consultants

Nothing is achieved unless its implemented.

(One Stop solution for all Industrial Engineering Techniques)

SINGLE MINUTE EXCHANGE OF DIES (SMED) TRAINING

METHODOLOGY:

- Training
- Factory visit
- Separate the internal and external processes of the operation.
- Kaizen workshop and brainstorming
- Implementation of the improved changeover of the process.

Charges:

Rs 25,000 per assembly line (for one product)

Duration: 2 days

Advantages:

- The efficiency of that product line is known.
- The changeover is reduced increasing the productivity of the line.
- Where you can improve your productivity, at what point (kaizen burst) will be known
- Scope of improvements in term of safety and ergonomics.
- Hidden cost will becomes less.
